ABOUT US

We specialize in custom formulation, private/white labeling & manufacturing services. We deliver only the highest quality products through combining scientifically-proven research with key nourishing ingredients, advanced formulation technologies & top of the line packaging & design services.

What We Specialize In...

Research & Development

Our skin & hair care professionals spend countless hours analyzing published & in-house research to create the most optimal formulations.

Manufacturing

Our cGMP compliant, FDA registered factory utilizes the latest tech equipment & experienced chemists to manufacture the best products.

Packaging & Design

We work with you to ensure your product vision is properly reflected in the customized packaging & design process.

Individualized Marketing

Our in-house marketing professionals work around the clock to create custom content & boost awareness of your brand.

LATEST RESEARCH

We constantly conduct extensive R&D activities in-house & also keep a close eye on new scientific developments in the industry by staying informed on research publications.

OUR SERVICES: CUSTOM FORMULATION

INNOVATIVE INGREDIENTS

We scout for natural & innovative ingredients around the globe & in-house, identifying those with substantial benefits for skin, hair & overall human health.

Arbutin

Compound that lightens dark spots to even skin tone

Retinyl Palmitate

Helps protect skin from UV exposure

Sodium PCA

Attracts moisture to deeply hydrate

Vitamin C

Improves appearance of wrinkles & restores skin's moisture

Ferulic Acid

Reduces appearance of fine lines & wrinkles

Hexylene Glycol

Tightens skin & smooths out skin's texture

Glycerin

Deeply moisturizes dehydrated skin

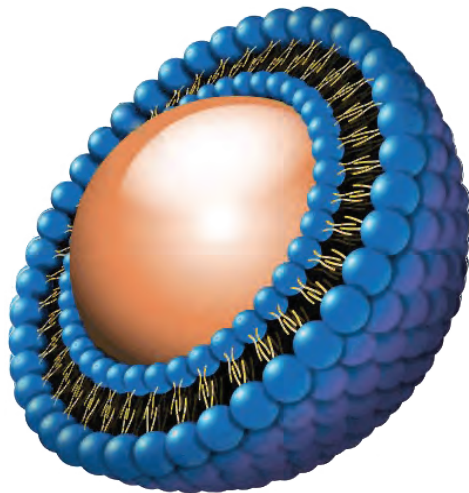

Helps protect skin against UV exposure

OUR SERVICES: CUSTOM FORMULATION

ADVANCED ENCAPSULATION & DELIVERY TECHNOLOGY

Our proprietary technology offers enhanced targeted delivery, superior efficiency & safety.
