### WHY SHOULD EVERY HOUSEHOLD HAVE SKLEER?

1. SKLEER is an essential item that should always be on hand in every household.
2. Firstly for the face to keep everyone in the family looking young and beautiful.
3. For the scars, bumps, burns, cuts, abrasions, insect bites and bruises of everyday living, to those reminders of momentous occasions such as stretch marks.
4. To dealing with the razor rash of shaving or waxing.
5. To keeping the skin looking pristine from the ravages of acne, pimples and blackheads.
6. To getting rid of that itchy, flaky skin so I can sleep at night.
7. To soothing the sunburn of the kids who've been in the sun too long.
8. And then as we age, to removing those pigmentation problems of pregnancy and sun damage, like sun and age spots.
9. Also, very helpful for those with specific conditions, such as eczema and psoriasis.
10. By the Way: Our rule of thumb is the sooner you use SKLEER when a problem occurs the better, for example, apply SKLEER as soon as possible on a recent scar.

### THE SAFEST SOLUTION, DOCTOR APPROVED

SKLEER is very safe even for children and babies. SKLEER is utilized by many skin professionals after skin care procedures such as waxing, facial peels and laser therapy. SKLEER is dermatologically approved, and although very powerful on skin problems is very safe, as it is purely made of natural ingredients, and has no corticosteroids, acids or alkalis which can be very harmful to the skin long term.

SKLEER's ingredients are anti-inflammatory and anti-oxidative, so it soothes redness and swelling, as well as restoring damaged skin.

### SLEEP WITH SKLEER

SKLEER is a new miracle gel with outstanding results, that is immediately absorbed into the skin on contact, and can be used throughout the day and night.
