Overview & Product Catalog**

***Strength of Hope CBD was founded with a purpose.***

**Hope more. Dream more.  
Love more. Laugh more.**

Strength of Hope CBD is clean, natural,  
incredibly powerful Pure Hemp Extract CBD.

*But it's so much more...*

It's the Strength necessary to hold onto  
Hope for a better tomorrow.

That's the true power of what's inside our  
products—

And what's inside the people who trust  
them.

***welcome to better. pass it on.***

*impeccably formulated and tested.*

Our products are third party tested by world-leaders in food, pharma and environmental testing, for potency and purity.  
**Test results for all products are always available for each and every product.**

Our products are developed and formulated with a team of healthcare professionals – doctors and pharmacists – to ensure our products are effective AND safe.

**Less is more. Less is pure.**

We take extreme efforts to minimize the ingredients in our products, selecting only those ingredients of the highest standards based on science and research.

*our Strength of Hope CBD story.*

Our Story  
.....

Strength of Hope CBD was founded to create a naturally-pure alternative for people and pets.

- The inspiration came from a team member dealing with a severe illness desperately needing relief, the strength to keep fighting for her health, and the hope for tomorrow.
- Her battle was the genesis of Strength of Hope.

For her, we had to know our science and formulation only included the purest Hemp Extract CBD and ingredients:

- Knowing how they are grown, harvested and processed, and how they're combined.
- How well they absorb into the body and how the body reacts.

We create products we know people can trust for themselves and for the ones they *love*.

*it's about purpose, people and products.*

## Private Label, Custom Formulation, and White Label Opportunities

The overwhelming success of Strength of Hope Pure Hemp Extract CBD products, led requests for private label and white label CBD products from businesses wanting to expand their retail branding into the CBD market.

Available in select  
  
locations.

Our programs provide our business partners the opportunity to open into the vast CBD market with products that are proven, and have the seal of approval from the largest pharmacy retail chain in the world, CVS Pharmacies. Strength of Hope products are in over 4000 natural food, independent pharmacies and wellness stores in the United States, as well.

Strength of Hope CBD is available globally through the world's largest wholesale company, Alibaba.

Dog and Cat Formula - Our CBD Whole Body Oil drops for Pets is a perfect way to comfort your dog and cat companions. This CBD is made with Hemp CBD isolate, and contains zero THC. This is important as THC can be harmful to dogs and cats.

We find most dogs and cats like the taste of the drops, and they can be squirted into a pet's mouth giving the pet the ability for sublingual absorption, making the CBD more effective. The drops can be added to a pet's favorite treat or food, as well, by dropping the CBD oil onto the food or treat.

### **Benefits:**

- Helps keep your pet playful at all ages and can assist with discomfort.
- Helps with general well-being, separation anxiety and chronic licking.
