

TRÉVO™

Feed ~ Support ~ Ignite

- Based in Oklahoma City, OK in the United States
- Founded in November 2010
- Debt-free
- Global Market
- Extraordinary company, products, support and technology.

Who We Are

Our History

- Mark Stevens watched his mother suffer from chronic illness, which ignited Mark's passion for wellness.
- This led to Trévo's four-year journey of research, development and testing in exotic locations around the world.

What is Trévo?

Whole body wellness is within reach.

Whole body wellness means raising the standard for your quality of life: energy to spare, enhanced mental clarity, vibrant health, and holistic well-being.

Trévo has 174 plant-based ingredients from around the globe. The revolutionary power of Trévo supports your body's natural functions to work synergistically together, complementing and intensifying the beneficial effects of each individual ingredient. The result is a nutrient-dense, multi-faceted liquid formula offering exceptionally superior nutrition to **FEED**, **SUPPORT** and **IGNITE** your body's needs for optimum health and nutrition.

An advanced nutritional supplement, Trévo was developed to fill a need in our health system. Instead of starting at the source of wellness by giving our body the nutrition it needs, too often we focus on treating the after-effects. Our modern diets are void of the vital nutrients we need to live a full life, and that's where Trévo steps in with a pathway to whole body wellness.

Feed, Absorb, Ignite

- powerful antioxidants

63 of Trévo's 174 natural ingredients work synergistically to help boost your **IMMUNE SYSTEM** to help you stay healthy!

TRUE WELLNESS ON A CELLULAR LEVEL

Trévo has utilized the latest in cutting-edge antioxidant measurements: Cell-based Antioxidant Protection in Erythrocytes (CAP-e) testing. While our ingredients speak for themselves, CAP-e testing demonstrates the remarkably high level of natural antioxidants in Trévo.

Why is this important?

The main purpose of your **IMMUNE SYSTEM** is to protect your body from viruses and bacteria. Your **IMMUNE SYSTEM** works by recognizing the difference between your body's cells and alien cells, allowing it to destroy any that could be potentially harmful. Being proactive is important when it comes to your health. Considering today's world crisis, everyone should add Trévo to their daily regimen. Trévo's nutrient-dense formula has skyrocketed into an entirely separate category of bioavailable antioxidant nutrition far above juice drinks or other nutritional products. That's the power of Trévo!

Trévo Supports the Maintenance of:

- immune system health
- vibrant good health
- bone & joint health
- blood pressure health
- weight management
- cellular health
- eye health
- cardiovascular health
- powerful anti-aging benefits
- mental focus & cognition
- a wonderful sense of well-being
- digestive system health
- nervous system health

Certifications

- Tested and certified by Brunswick Laboratory, scoring a phenomenal rating of over 400,000 per bottle.
- A food label is stamped HALAL if the contents of the food conform with Muslim dietary laws.
- An industrial Kosher certification allows Trévo to be available for everyone to consume, regardless of religious affiliation.
- Trévo is 100% vegetarian, which means it is free of any meat, poultry or seafood, making it a viable option for so many people, regardless of specific diet choices.
- Has been given the certified drug free seal from BSCG, the leader in supplement and certification testing.
- CAP-e Certified Cell-based Antioxidant Protection in Erythrocytes (CAP-e) testing is the latest in cutting-edge antioxidant measurements.

Empowering whole body wellness for everybody

Trévo works for everyone! It's beneficial for adults and children. Trévo fuels your body with the nutrients it needs for optimum health and provides support to sustaining a healthy life at any stage of development

"Nutrition is the essential key to living a long, active life. So, start each day with the delicious super-nutrition of Trévo." - Mark A. Stevens, Trévo CEO
